

Weakest Link for PowerPoint

- Let the title screen run itself without clicking
- After the picture of Anne Robinson, click to get to the main game screen
- There is nowhere to type in questions. You must fire off the questions as you proceed through the game screen.
- When a student gets a question right, click anywhere EXCEPT the two boxes at the bottom right to proceed.
- When a student says “Bank”, click on the “BANK” box to return to the main game screen. When you get to that point, enter in the banked amount in the box at the lower left. Subsequent banks must be added to the first amount.
- If a student gets a question wrong, click on the “NO” box to return to the first question of the stack.
- After the time has expired (an interval set by you), transfer the “BANK” amount to their team total. Then, delete the “BANK” amount by clicking in the box and backspacing.
- Continue as many rounds as you want to play.

IMPORTANT!!! – DO NOT SAVE THE GAME AFTER PLAYING. IF YOU SAVE THE GAME, IT WILL SAVE THE BANK AND TEAM TOTALS AND YOU WILL NOT BE ABLE TO ERASE THEM NEXT TIME YOU START PLAYING.

I hope you enjoy the game. It is offered to you for free with the intention that you will be able to use it in your classroom. Any comments or questions can be sent to nygiantsbigblue@yahoo.com

Happy reviewing!
